Education

University Institute of engineering and technology Panjab University Chandigarh, India <ul style="list-style-type: none">Branch – computer science CGPA: 8.1	2020 - 2024
Career point gurukul Mohali, India <ul style="list-style-type: none">CBSE (Class XII), percentage:93.2%	2019 - 2020
Career point gurukul Mohali, India <ul style="list-style-type: none">CBSE (Class X), percentage:88%	2017 - 2018

Skills

C++ | C | Python | JavaScript | NodeJS | React | MySQL | Git | tailwind | redux | jest | MongoDB | Numpy | pandas | GitHub

Work experience

Doubt solver on Codechef : [certificate](#) **july'22- aug'22**
Solved the doubts of the users while solving beginner-level problems (0 – 1000) so that they can make a successful submission for the problem. Answer general queries from the users about how to improve their Codechef / Competitive programming / Learning journeys. Mostly problems related to data structures and algorithms.

Projects

CF-STATS: ([store link](#)) build a chrome extension for displaying codeforces statistics (i.e number of question solved by difficulty level etc.) on user profile page and published it on webstore. Data fetched from Codeforces public API and represented in graphical format using **chart.js** library and used **Reactjs** to build whole application the output was injected on codeforces user profile page.

Academic and Extracurricular Achievements

- Top 22% on Leetcode ([nishansingh](#))
- 2* on Codechef ([nishansingh](#))
- Problem Solving (Basic) Hackerrank ([link](#))
- Cleared google Codejam qualification round
- Newbie on codeforces.
